

Harvesting of jussai feathers (sweet onion, field garlic) for winter (khurs.ru - 2022)

1. Collect the jussai feathers, sort through, remove the yellowed parts, wash, dry

2. Cut the jussi feathers finely

3. Put the jussi feathers on a plate

4. We put the sliced jussi feathers in layers in a jar

5. Sprinkle each layer liberally with salt

6. We close the jar with a lid and put it in the refrigerator for storage
